Normally, there is little comment in print when someone dies, but this is to be an exception. Mrs. Gladys Dorsey, herself, was an exception! During the years I have worked and lived here she never failed to say or do something that made me feel a little better every time our paths crossed. Several times, Mrs. Dorsey told me how much she appreciated The Clipper giving her such a good write-up when she was named "Woman of Achievement" in 1969; other times it would be more personal, such as "That wife of yours is such a sweet girl." Whatever the occasion, Mrs. Dorsey would always give my spirits a boost just talking with me for a

All this about Mrs. Dorsey could have been condensed into six words, "She will be missed by many."

Monday afternoon a lady called the office hopping mad with our new sherrif, Ralph Sparks. It seems that he made a left turn in downtown Elba in spite of a red light staring him in the face. Our caller just wondered if he was putting in new traffic laws or if he was immune to the law himself. Sheriff, I suggest you practice what you preach if you expect others to respect you and your deputies when you try to enforce the law and please use your red light if your coffee is getting cold

Occasionally everyone must wear a new shirt somewhere besides to church. Last week Heddy decided that I had "saved" several new sport shirts long enough and sent me to work in one of them. She thought it was day safe from the ink of the printing presses but come lunch time and sure enough there was ink one of the pockets. Til now I can't figure out where it came from, but pleading innocence just didn't help so I just smiled and took my tongue lashing.
